PLANTING FOR PLEASURE OR PROFIT

Excellence compels its own reward. Inferiority begs unheeded. In all things the world seeks merit—and gladly pays its price. The markets of the earth are never glutted with the good and the worthy—whether wares of factories, objects of art or fruits of vine and tree. The golden wine of Champagne, the fragrant tobacco of Cuban furrows, Kentucky's blooded horses, the aromatic spices of India or Ceylon tea of ancient lineage—alike command their own prices in all the ports of the seven seas.

Their dominance is of excellence—and their excellence is of breed.

Even so, in fruit or flower, vine or tree, the price you receive for your harvest, or the pleasure and satisfaction you derive from it, will measure greater or less—according to the quality of your planting.

To grow excellence—plant excellence.

This first and ancient rule of husband was hoary with antiquity when the pyramids were reared in the olden valley of the Nile. Today, as then, strength comes only from the strong.

SPECIAL

Packing FREE.

Certificate of inspection with each order.

Terms—Cash or one-fourth cash, balance C. O. D.

Additional—Add 25 per cent if to be planted by us and replaced next year free.

REFERENCE

We are incorporated under the Kentucky laws and refer you to any bank or commercial agency in Louisville.

California Privet

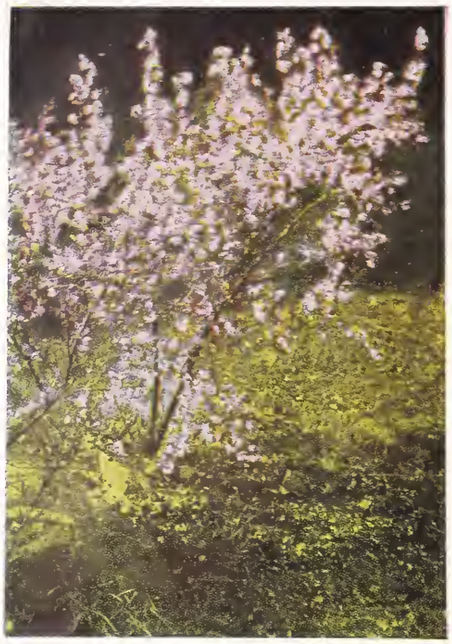
HEDGE PLANTS

PRIVET, California—The finest all purpose hedge. The most most popular and most beautiful hedge grown. A pretty shrub with smooth, shining leaves, of unusual beauty. For the ornamental hedge there are many plants that may be used with happy results, but the great demand for California Privet proves it to be the most popular and satisfactory of the hedges. 1 year old plants, 12 to 18 inches. $6.00 per 100; $50.00 per 1.000; 2 year old plants, 18 to 24 inches, $8.00 per 100, $70.00 per 1,000; 2-3 ft., $10.00 per 100.

PRIVET, Amoor River—Hardy for northern climates. It is of similar form and habit to the well known California type; the foliage is not quite so glossy. 1 year old plants, $10.00; 2 year old plants. $12.00 per 100.

LET US HELP YOU MAKE YOUR HOME BEAUTIFUL WITH TREES AND PLANTS

ORNAMENTAL SHRUBS OF QUALITY



Almond

Shrubs can be planted spring or fall, each season having its advocates. A certain amount of pruning is necessary and before planting the tops should be cut back so that it will not demand more nourishment than the roots can supply, until they have become attached to their new environment, but as far as possible this should be done to preserve their natural beauty. There is no home or farm in the whole country which cannot be improved in appearance and enhanced in value by the planting of appropriate shrubs and plants.

Shrubs 50c each, except where noted.

ALMOND—Double White and Double Pink. Early spring flowering shrub. Dwarf, bushy, compact. Double flowers of rose and white. 75c each.

ALTHEA—Double rose, white, purple, pink and red. Grow 10 to 12 feet. Make serviceable and showy hedges. Large bright colored flowers. 50c each.

BARBERRY THUNBERGII, (Japan Barberry)—Immune from rust. Fine foliage effect. 18 to 24 in., 35c each; $3.50 per dozen; $25.00 per 100.

BUDDLEIA (Butterfly Bush or Summer Lilac)—Quick bushy growth. Bloom spikes appear in July. Fragrant, 50c each.

CALYCANTHUS (Sweet Scented Shrub)—Flowers are purple, very double, deliciously fragrant. Foliage rich, dark green. Blooms in June. 50c each.

CORNUS PANICULATA (Grey Dogwood)—Free flowering, is handsome in bloom. White fruits on red peduncles in the fall. 50c each.

CORNUS ALBA (Dogwood)—Erect stem, good clean foliage; blood-red branches. useful for shrubberies. 50c each.

CORNUS SANGUINEA (Dogwood)—Branches deep red or a purplish red; greenish white flowers followed by black fruit. 50c each.

DEUTZIA, Pride of Rochester—Large double white flowers, vigorous grower, early to bloom. 50c each.

DEUTZIA, Lemoineii—Spreading shrub to 3 ft. high. Pure white flowers. Vigorous, showy, fine for forcing. 50c each.

DEUTZIA, Gracilus—Handsome dwarf, bushy shrub with slender branches. Pure white flowers in May. For shrubberies or forcing. 50c each.

DEUTZIA, Candidissima—A very valuable shrub, with strong, upright branches. Pure white double flowers in abundance. 50c each.

DESMODIUM, Penduliflorum—Late blooming plant, stems reddish brown, flowers rose purple. 75c each.

EXOCHORDA GRANDIFLORA, (Pearl Bush)—Chinese shrub of robust growth; loose clusters of pure white flowers in May. One of the best shrubs. 75c each.

FORSYTHIA (Golden Bell), **Fortunia**—Upright, hardy, vigorous; large bright yellow flowers. 50c each.

FORSYTHIA, Suspensa—Highly ornamental, free flowering shrub, grows to 5 ft.; branches often droop to the ground. Golden yellow flowers. 50c each.

FORSYTHIA, Virdissima—Erect green branches; dark green leaves; greenish-yellow flowers. 50c each.

FLOWERING CRAB, Bechtel's Double—Low bush tree. Stems covered with dainty little pink roses. Blooms quite young. Very fragrant. 3 to 4 ft., $1.25 each.

FLOWERING PLUM, Prunus Pissardi (Purple Leaved Plum)—Handsome little tree, white single flowers in the spring, pinkish-purple leaves. 3 to 4 ft., $1 each.

FLOWERING PLUM, Triloba (Double)—Grows to 4 ft. spreading growth, pink blossoms. 2 to 3 ft., $1 each.

HYDRANGEA, Arborescens Grandiflora—Very hardy, blooms July to Sept. White flowers. 50c each.

HYDRANGEA, Arborescens Grandiflora—Very hardy, of white cone-shaped flowers Aug.-Sept., changing to pink and bronze green. 50c each.

HYDRANGEA TREE—The above Hydrangea in tree form. 3 to 4 ft., $1.50 each.

HONEYSUCKLE, Tartarica (Bush Form)—Beautiful pink flowers, bright green foliage, orange or red berries in autumn. 50c each.

HIGH BUSH CRANBERRY, Virburnum Opulus—Brilliant foliage, crimson berries. 50c each.

HYPERICUM AUREUM (St. John's Wort.)—Showy shrub of stiff dense habit; foliage bluish; flowers golden yellow, Aug.-Oct. 75c each.

JAPAN QUINCE, Cydonia (Burning Bush)—Covered with scarlet flowers in spring, fragrant. 50c each.

JAPANESE PAGODA TREE—Dense, round headed tree, dark green, glossy foliage; flowers pea shaped in loose panicles. 75c each.

KERRIA, Japonica—Upright shrub, slender green branches. Flowers double, yellow. 75c each.

KERRIA, White—Attractive shrub 3 to 6 ft. tall, good foliage, large single white flowers in May. 50c each.

LABURNUM, Golden Chain—Small tree; long racemes of golden yellow blossoms in June; smooth, shining foliage; does best in shade. 75c each.

MAPLE, Acer Palmatum (Japanese Maple)—Handsome shrub of dense, graceful habit; attractive foliage, leaves assume striking tints. 12 to 15 in., $1.50 each.

SNOWBALL, Sterile—Well known common snowball, great clusters of white flowers. 50c each.

SNOWBALL, Plicatum (Japan)—Of better habit than the old familiar form with plicate leaves and more delicately formed white flowers, red fruits. 75c each.

SNOWBERRY, Racemosus—Rose-color flowers in June and July; leaves thin, dark green; fruits milk white. 50c each.

SNOWBERRY, Vulgaris (Coral Berry or Indian Currant)—Like Snowberry, except red fruits, clustered along the stems which droop with the weight. 50c ea.

SMOKE TREE (Purple Fringe)—Unique, spreading tree, large leaves; mist-like flowers, having the appearance of smoke. 75c each.

SPIREAS

Spirea, Aurea—Upright grower with bright yellow foliage. Very striking variety, 50c each.

Spirea, Anthony Waterer—Bushy, spreading dwarf, is covered with crimson flowers July-Aug. 50c each.

Spirea, Billardi—Narrow, dense shrub, 6 ft high, rich pink flowers July-Aug. and in fall. 35c each.

Spirea, Bumulda—Dwarf but vigorous, spreading; dark narrow foliage; pink cone-shaped flowers. 35c each.

Spirea, Prunifolia (Bridal Wreath)—Earliest of double Spireas. Small, double white flowers, giving a plume-like effect. 35c each, $3.50 per dozen.

Spirea, Reevesii—Handsome shrub, narrow foliage, pure white large flowers. 50c each.

Spirea, Thunbergi—Dense, puffy bush; foliage yellowish green; flowers pure white. 50c each.

Spirea, Van Houttei—Finest ornamental shrub, covered with a perfect mass of pure white flowers in spring, with branches bending to the ground. Much used for hedges. 35c each, $3.50 per dozen; $25.00 per 100; 3-4 ft.

SAMBUCUS, Golden Elder—Handsome variety with golden yellow foliage; flowers white; grows naturally to 10 or 15 ft. Can be pruned to small bush. 50c each.

SYRINGA, Lilac—Of delicate beauty; very fragrant in spring; perfectly hardy. Colors red, white and purple. 50c each.

TAMARIX, Africana—Tall shrub, 8 to 10 ft.; fine feathery foliage like Juniper. Small unusually bright pink flowers in April and May. Splendid for damp places. 50c each.

TAMARIX, Odessana—Gracefully bending, silver-green foliage; loose racemes of pink flowers; late. 50c each.

WEIGELIA, Candida—Extra choice vigorous sort, yields one profuse crop of white flowers in June, lighter ones at intervals throughout summer. 50c each.

WEIGELIA, Rosea—Tall growing, vigorous sort with deep pink flowers. 50c each.

WEIGELIA, Variegata—Neat dwarf habit with pink flowers, variegated leaves, margined with creamy white. Most useful variegated-leaved shrub. 50c each.

WEIGELIA, Eva Rathke—6 to 8 ft. Charming variety; bright crimson flowers. Blooms all summer. 75c each.

WITCH HAZEL, Virginiana—Hardy ornamental shrub, deciduous alternate leaves. Bright yellow flowers Sept.-Nov. Valuable for blooming when hardly any other shrub does. 75c each.

Barberry Thunbergii

PHILADELPHUS, Coronarius (Mock Orange)—Popular shrub, fine form; white flowers, early. 50c each.

PHILADELPHUS, Aurea (Golden Mock Orange)—Simliar to above except the foliage is a beautiful golden color. 75c each.

PHILADELPHUS, Grandiflora—Vigorous upright variety with large flowers in June, grows rapidly. 50c each.

RED BUD (Judas Tree)—Small growing tree, heart-shaped leaves, delicate pink blossoms in spring. Makes a fine ornamental tree. 50c each.

RHUS. Aromatica or Sweet Sumac—Spreading shrub, small yellow flowers, thick, fragrant foliage. 50c each.

ROSEMARY WILLOW—Small tree with symmetrical, round top, leaves long and narrow bright green above and silvery white beneath. 50c each.

Spirea Van Houttei

HARDY VINES

CLEMATIS, Jackmanni — Immense flowers of an intense violet purple. Blooms all summer. 75c each.

CLEMATIS, Henryi—Flowers are creamy white and very large. A free bloomer. 75c each.

CLEMATIS, Madam Andre—Color a distinct crimson red. Is different from all other varieties. 75c each.

CLEMATIS, Ramona—Flowers deep rich lavender. Vigorous grower, perpetual bloomer. 75c each.

CLEMATIS, Paniculata — White flowers in masses. Rapid grower, glossy foliage. 50c each.

DUTCHMAN'S PIPE, Sipho—Rapid climber, light green foliage; yellowish-brown flowers. 50c each.

HONEYSUCKLE, Hallianna—White and creamy yellow flowers; very fragrant. 25c each.

VEITCHII, Boston Ivy—Valuable for covering brick, stone. Leaves overlap, dark green. 25c each.

KUDZU VINE—Grand, hardy climber. Large foliage, dense shade, rosy-purple flowers. 25c each.

MATRIMONY VINE, Chinese — A trailing vine, grayish-green flowers June to Sept. 25c each.

MADERIA VINE—Rapid growing vine, dense foliage, feathery white flowers. Tubers 10c each; doz., $1.

CELASTRIS, Bitter Sweet—Hardy ornamental vine, bright colored fruit. Fine for trellis. 35c each.

HARDY ORNAMENTAL GRASSES

Requiring so little care and considering its attractiveness, every garden should have one or more varieties of ornamental grass.

Divided clumps, 25c each; $2.50 a dozen. Large clumps, 50c each.

Eulalia Gracillima Univittia (Japan Rush).

Japonica Variegata—Hardy, leaves narrow, dark green.

Japonica Zebrina (Zebra Grass)—Foliage green, banded with white.

Phalaris (Ribbon Grass) — Green leaves striped lengthwise with creamy white.

KENTUCKY NURSERY COMPANY

The beauty of grounds that are planted with taste and given proper care appeal to most people, yet many fail to discover that they can make their home equally beautiful. They have perhaps tried planting a few shrubs or roses in a thick turf and without giving attention to either cultivation or pruning, have wondered at their lack of success. Beautiful surroundings need not appeal to our taste for the beautiful only, but from a commercial standpoint, beautifying the home greatly adds to its value. Let your slogan be "Plant More Trees This Year."

CATALPA BUNGEII—A remarkable species forming a dense, round, umbrella-like head, makes an umbrella-shaped top without pruning. Perfectly hardy and flourishes in almost all soils and climates. 6 to 8 feet, $2.50.

CATALPA SPECIOSA—One of the most rapid growers. Valuable for timber, fence posts, railroad ties, etc., possessing wonderful durability. 6 to 8 feet, 75c; 8 to 10 feet, $1.00.

ELM, AMERICAN WHITE—Magnificent tree growing 80 to 100 feet tall with drooping, spreading branches; one of the grandest of our native trees. 8 to 10 feet, $1.00; 10 to 12 feet, $1.50.

CHESTNUT, HORSE—Handsome tree with showy foliage and covered in the spring with panicles of white flowers marked with red. As a lawn or street tree it has no superior. 6 to 8 feet, $1.50; 10 to 12 feet, $2.00.

LINDEN, American or Basswood—Grows fast, forming a large, upright, spreading tree; leaves are large and cordate, flower-like yellow, delightful citron odor. 8 to 10 feet, $1.50.

MAPLE, Norway—Native of Europe. Large, handsome tree, with broad, deep green, shining foliage. Very desirable for street, park or lawn. The Norway Maple characteristically makes the roundest head. 8 to 10 feet, $1.50; 10 to 12 feet, $2.00; 2 to 2½ inch caliper, $3.00.

MAPLE, Schwedleri (Purple Leaved)—The Purple Norway Maple's leaves attract attention at all seasons, but are especially fine in the spring, when their gleaming red and purple contrasts brightly with the delicate green of other trees. 8 to 10 feet, $3.00; 10 to 12 feet $4.00.

Spirea Van Houttei and Barberry Planting, $5.00 per dozen

MAPLE, Soft or Silver Leaved—Rapid growing tree, large size, irregular, rounded form; foliage bright green above and silver beneath. 8 to 10 feet, $1.00; 10 to 12 feet, $1.50.

MOUNTAIN ASH—Hardy tree. Head dense and regular; beautiful, fern-like, green foliage; covered from July till winter with clusters of bright red berries. 8 to 10 ft., $1.50.

OAK, Red—A large tree. Unusually large in leaf and quick in growth. The young shoots and leaf stems are red, the foliage purplish crimson in autumn. A beautiful object on the lawn. 8 to 10 feet, $2.50.

POPULAR, Carolina—Pyramidal in form and vigorous in growth. Leaves large, glossy, pale to deep green. 6 to 8 feet, 50c; 8 to 10 feet, 75c; 10 to 12 feet, $1.00.

POPLAR, Lombardy—Remarkable for its picturesque, tall, spiral-like form. Useful in landscape effect and forms striking lawn groups. 6 to 8 feet, 50c; 8 to 10 feet, 75c; 10 to 12 feet, $1.00.

TULIP TREE—One of the grandest of our native trees. Of tall, pyramidal habit, with broad, glossy, fiddle-shaped leaves. 6 to 8 feet, $1.00; 8 to 10 feet, $1.50.

NUT TREES

Every farm contains some land that should be planted to nut trees. Nut trees are very ornamental as well as valuable for their crops of nuts. The lumber obtained from these stately trees is in great demand and as a result the prices always head the market.

CHESTNUT, American Sweet—Valuable native tree, useful and ornamental. Timber very durable and fine grain. Nuts are sweet, of delicate flavor. 6 to 8 feet, $1.50 each.

FILBERT (Hazelnut)—Easiest of culture, growing 6 to 8 feet, hardy; profitable and satisfactory nuts to grow, succeeding in all kinds of soil, bearing early and abundantly. Nuts nearly round, rich and of excellent flavor. 2 to 3 feet, 75c each.

HICKORY, Shellbark—White and shell thinner than any other. Also valuable for its timber. 2 to 3 feet, $1.50 each.

PECAN—The tree is of tall growth and bears abundantly. Shell very thin, kernel sweet and delicious. 2 to 3 feet, $1.50 each.

WALNUT, English—A fine, lofty growing tree, with handsome, spreading head. Produces large crops of thin shell, delicious nuts. 3 to 4 feet, $1.50 each.

WALNUT, White (Butternut)—A fine native tree, producing a large longish nut prized for its sweet, oily, nutritious kernel. 3 to 4 feet, $1.00 each.

Catalpa Bungeii

WEEPING TREES

Much attention is now given to this class of trees and we place them separately for the convenience of our patrons. The superior grace and beauty of the weeping varieties render them especially adapted to the yard, lawn or cemetery. No collection is complete without them. Among ornamentals they have no superior.

BIRCH, Cut-leaf Weeping—Undoubtedly one of the most popular of all weeping or pendulous trees. Tall and slender, graceful, drooping branches, silvery-white bark, delicately cut foliage; it makes attractive specimen. Vigorous. 4 to 5 feet, $2.50; 5 to 6 feet, $3.50.

CATALPA BUNGEI—(See ornamental and decidous shrubs).

ELM, Camperdown Weeping—Its vigorous, irregular branches which have a uniform weeping habit, overlap so regularly that a compact roof-like head is formed. Leaves large, glossy, dark green. Strong, vigorous grower. Finest weeping elm and one of the best of weeping trees. 6 to 8 feet, $2.50 each.

MULBERRY, Tea's Weeping Russian—One of the finest and most graceful weeping trees, forming an umbrella-shaped head with slender, willowy branches, drooping to the ground. Foliage is beautiful, leaves distinctly lobed. Tree perfectly hardy, enduring the severe cold of the North and extreme heat of the South. Very desirable. More planted than all other weeping trees combined. 6 to 8 feet, $2.50 each.

WILLOW, Babylonica—A well known and most graceful tree of large size. Its fresh, bright green tint and long, wavy branches make it very attractive for planting by streams and ponds. 8 to 10 feet, $2.50 each.

SOME POPULAR SPECIMENS OF OUR ROSE FAMILY

HARDY HYBRID—NOT EVERBLOOMING

$1.00 each, $9.00 per dozen.

BLACK PRINCE—It is much sought after because of its dark crimson flowers which are shaded dark.

FRAU KARL DRUSCHKI—Grand white rose. A vigorous grower, immense in size and of purest white.

GENERAL JACQUEMINOT—One of the popular reds.

MRS. JOHN LAING—Soft pink, of beautiful form.

PAUL NEYRON—Said to be the largest rose in cultivation. Flowers of immense size, bright clear pink, fragrant.

PERSIAN YELLOW—Flowers double and deep golden yellow.

ROSA RUGOSA—The popular hedging rose. Crimson flowers.

CRESTED MOSS—Pink flowers and beautifully mossed.

CLIMBING ROSES

CLIMBING AMERICAN BEAUTY—Height 10 to 15 feet.

CRIMSON RAMBLER—Produces marvelous profusion of rich and glowing crimson flowers in large clusters during June.

DOROTHY PERKINS—Flowers are borne in large clusters.

EXCELSA (Red Dorothy Perkins)—Blood-red cluster rose.

FLOWER OF FAIRFIELD (Everblooming Crimson Rambler)—Similar to Crimson Rambler, except flowers until frost.

TAUSENDSCHON (Thousand Beauties)—Hardy and strong.

WHITE DOROTHY PERKINS—Same type as its sister.

YELLOW RAMBLER—Flowers deep, golden yellow; fragrant.

PURPLE RAMBLER—Rampant grower, covering large spaces in a single season. Flowers are borne in loose clusters.

CLIMBING PILLAR—Very early. Flowers are large, showy.

DR. VAN FLEET—Flowers when open run 4 inches and over in diameter. Center is built high, petals undulated.

SILVER MOON—Flowers are single, extra large and freely produced on long, strong stems; fine for cutting.

DWARF EVERBLOOMING RAMBLERS

PINK BABY RAMBLER—Original Baby Rambler, dwarf; grows 18 inches tall; blooms all the time.

WHITE BABY RAMBLER—Its pure white flowers are perfectly double and bloom with great profusion.

RED BABY RAMBLER—Wonderfully persistent as a bloomer, and one of the choicest plants in cultivation for summer bedding.

Gruss an Teplitz

HYBRID TEA ROSES

These Are Everblooming Roses

BURBANK—Cherry-red and highly prized by many.

HERMOSA—A favorite of the old time gardens; clear rose, double and very fragrant. Constant bloomer.

COLUMBIA (H. T.)—A vigorous grower, of a true pink shade, deepening as it opens to glowing pink. Color is enduring.

LOS ANGELES (H. T.)—This rose is by all odds, one of the finest ever introduced. Growth vigorous; produces long stemmed flowers. 75c.

GRUSS AN TEPLITZ—Dark, rich crimson, passing to fiery red.

PINK KILLARNEY—Brilliant imperial pink, sparkling; large size.

LA FRANCE—Silvery pink; exceedingly sweet aud handsome.

PRESIDENT TAFT—Deep pink. A fine grower, free bloomer.

SUNBURST—Orange-copper or golden yellow. Long pointed buds.

TEA ROSES—EVERBLOOMING

Need Protection in Winter

MAMAN COCHET—Light pink, shaded salmon-yellow; outer petals splashed with bright rose. Extremely large and full.

OPHELIA—Salmon flesh, shaded rose. One of the most beautiful and popular sorts for cut flower favorites.

PAPA GONTIER—Rosy red. A large, sweet flower; full.

YELLOW COCHET—One of the very best everblooming yellow roses. It is ideal for open ground culture; graceful.

SOLEIL D'OR—This unique rose is beautiful in the extreme. A blending of reddish gold, orange-yellow, and pink.

WHITE MAMAN COCHET—A splendid rose; has all the good qualities of Pink Maman Cochet, but is pure snow-white, with outside petals tipped pink in the autumn; large and fragrant, hardy and productive.

LET US HELP YOU MAKE YOUR HOME BEAUTIFUL WITH TREES AND PLANTS

APPLES "THE KING OF FRUITS"

There is a great and increasing demand for high quality fruit of all kinds, but in no class of fruit is there so great a demand as for the apple—therefore, "The King of Fruits." We name here the best selection of varieties in cultivation for home use as well as for large users. The apple is grown in practically every state of the Union, yet the demand is always greater than the supply. Any one not familiar with the best varieties, we shall gladly make such selections for you as will be best.

	Each	10	100
First Class, 5 to 6 feet	$0.50	$7.00	$60.00
First Class, 4 to 5 feet	.60	5.50	50.00
First Class, 3 to 4 feet	.50	4.50	40.00

One Year Apple—Special, 3 to 4 ft., 50c each; $25.00 per 100.

SUMMER APPLE VARIETIES

*DUCHESS OF OLDENBURG—Medium to large; striped, mostly red; best summer cooking apple; good yielder; hardy, early.

EARLY HARVEST—Medium size; round; straw color; hardy and prolific; tender, sub-acid and fine.

*YELLOW TRANSPARENT—Skin is clear white, changing to a pale yellow when ripe; flesh white, tender.

FALL APPLE VARIETIES

FALL PIPPIN—Large, beautiful, yellow apple when ripe; flesh tender.

*MAIDEN BLUSH—Large, flat, pale yellow; beautiful blush, mild.

RAMBO—Medium size, greenish yellow, striped with carmine.

*WEALTHY—Vigorous and productive. Fruit large size, red streaked with white. Quality good.

LATE FALL AND WINTER APPLE VARIETIES

*BAILEY'S SWEET—Large deep red, tender, rich and sweet. Tree vigorous.

*BALDWIN—Large, roundish, dark bright red, juicy, sub-acid. Good flavor and good cooker. Tree vigorous and upright. An old standard but a good variety.

BANANA—Fruit large size, perfect, golden yellow. Flesh lemon yellow, fine grained, sub-acid, rich, aromatic flavor.

*DELICIOUS—Large, with surface almost covered with a most brilliant dark red, blending to a golden yellow.

GRIMES GOLDEN—Rich golden color; flesh yellow, very firm, crisp but tender, rich, aromatic and juicy.

JONATHAN—Bright, solid red, deep red on sunny side. Flesh whitish sometimes tinted with red, firm, fine, crisp.

NORTHERN SPY—Large, roundish, slightly conical, somewhat ribbed, striped; sunny side nearly covered with purplish red.

RHODE ISLAND GREENING—Roundish, green, winter apple. Tree large, vigorous grower with wide spreading branches.

ROME BEAUTY—Large, roundish, oblong; handsomely colored and striped with red.

STARK—Large, roundish, golden yellow, stripes light and red, juicy, mild.

*STAYMAN WINESAP—Flesh tinged with yellow, firm, crisp, sprightly.

YORK IMPERIAL or Johnson's Late Keeper—Medium size, greenish-yellow; crisp.

We can supply varieties not mentioned here.

DWARF APPLES

We star (*) the standard varieties above which we can supply in the Dwarf varieties.

First class, 3 to 4 feet .... $1.00 each

CRAB APPLES

Prices same as for Standard Apples

HYSLOP—Large, roundish-ovate; dark red with blue bloom; flesh yellowish.

MARTHA—Vigorous, hardy, producing each year; fruit large, glossy yellow.

TRANSCENDENT—Large and good bearer; skin golden yellow, striped with red.

WHITNEY—One of the largest, glossy green splashed with carmine; flesh firm, juicy, rich. Great bearer and excellent for cider. Very hardy.

GET OUR ILLUSTRATED CATALOG

This folder contains a complete list of the most popular and for general conditions the best varieties of fruits and shrubbery plants that are propagated, priced at the lowest rate that it is possible to raise first class stock that is kept true to name, and our readers will find themselves well repaid for their careful study of this message from one of the oldest, most progressive nurseries.

CHERRIES

There are few more desirable fruit trees than the Cherry. It is notably hardy and quite adaptable to different soils and climates. It grows under neglect better than any other fruit tree and can be planted along the street, on the lawn, along fences, avenues, in corners and in many places where other fruits would not be profitable.

Early Richmond or May Cherries

	Each	10	100
First Class, 5 to 6 feet	$1.00	$9.00	$80.00
First Class, 4 to 5 feet	.90	8.00	70.00
First Class, 3 to 4 feet	.75	7.00	60.00

ALLEN—Fine, large, sweet, glossy crimson, almost black. Meaty, firm; makes a fine appearance.

BING—One of the best known and most popular dark sweet cherries, ripening in June.

BLACK TARTARIAN—Purplish black fruit of mild, sweet, jelly-like consistency. July.

DYEHOUSE—Very early, sure bearer, ripens a week before Early Richmond. Sour.

EARLY RICHMOND or May—An exceedingly productive and reliable old variety with dark red fruit, of medium size and acid flavor. Unsurpassed for canning or cooking. Tree very hardy and free from disease. Sour.

GOVERNOR WOOD—Rich and delicious variety, fine large yellow fruit, with red on sunny side. Sweet. June.

LARGE MONTMORENCY—Larger and finer than the Early Richmond and one of the finest flavored cherries in this class. Ripens late in June.

MAY DUKE—Large, dark red, sub-acid, rich. A superior and productive old sort. Middle of June.

NAPOLEON—Large size, sweet, yellow and amber, with a red blush. July.

YELLOW SPANISH—Pale yellow cherry with a bright red cheek on sunny side. Flesh firm, juicy and delicious. Late July.

CHOICE PEACHES

This wonderfully delicious fruit can be grown almost as far North as the apple and will succeed farther South. If properly selected varieties as to time of ripening are planted from year to year, every home can have the great luxury of home grown peaches for a season of three months. They are easily grown and bear in two or three years. Plant more of the midseason varieties.

	Each	10	100
First Class, 5 to 6 ft	$1.00	$10.00	$75.00
First Class, 4 to 5 feet	.06	0.00	50.00
First Class, 3 to 4 feet	.50	5.00	35.00

BEER'S SMOCK—Truly one of the best of the peach varieties, which will answer for nearly all purposes.

BELLE OF GEORGIA—A very large, white fleshed peach with a red cheek; firm, juicy and of excellent flavor. Productive. A fine shipper and does well in the North as well as in the South. Rapid grower. August.

CHAMPION—An exceptionally high quality, hardy, white peach. Freestone. Large size, white fleshed, excellent quality. It is known as one of the best shippers. Tree is almost perfect. Fine peach for home use as well as for the local markets. Very hardy fruit bud, often bearing a full crop when other varieties fail. August.

CRAWFORDS EARLY—This magnificent large yellow freestone peach. Good quality, and a beauty which makes it one of the most popular orchard varieties. Aug.

CRAWFORD'S LATE—This peach is similar to the Crawford's Early, but ripens two or three weeks later.

EARLY ELBERTA—Freestone, mid-season, of the Elberta type. Large golden-yellow flesh, far better in quality than the Elberta, sweeter and finer grained. Tree strong grower, has tendency to thin itself like Elberta, carrying moderate loads of fruit.

ELBERTA—One of the greatest peaches grown. Freestone. A beautiful extra large golden yellow peach with a brilliant red cheek, firm, juicy, highly flavored, rich and sweet. It is the standard of market sorts.

HEATH'S CLING—The most satisfactory large, clingstone peach known. Very large, creamy white with rich blush. Good keeper and shipper.

J. H. HALE

J. H. HALE—Color deep golden yellow overlaid with bright carmine. Skin is thick, smooth, and little fuzz. Flesh is deep yellow, fine grained, firm, tender and of a very delicious flavor. Flesh is firm and heavy and will ship and keep well. August-September.

LEMON FREE—Lemon shape, pale yellow in color. Immense in size; excellent quality, productive.

MAYFLOWER—Earliest peach to ripen. Of good size and quality for such an early variety. Creamy white, dark splashes of red; very juicy; fruit ripens unevenly through a long period, making it especially good for home use. Tree a vigorous, upright spreading grower and bears very young.

NIAGARA—A new yellow flesh variety of unusually large size and attractive appearance. Resembles the Elberta. Quality and flavor are exceptional. Tree very hardy and a good grower, also resistant to disease. Bears heavy crops annually. Freestone. August.

ROCHESTER PEACH—Beautiful golden yellow and red peach of immense size, solid and heavy; very highly flavored, juicy and delicious; far sweeter than Crawford. Exceptionally hardy, more productive than Elberta and usually bears the second year after planting.

SALWAY—Fruit a large, roundish deep yellow, with rich marbled brownish red cheek. Flesh yellow, firm, rich and sugary. Prized as one of the best late, showy market sorts. Freestone. October.

First Class, 4 to 5 feet	.75	7.00	60.00
First Class, 3 to 4 feet	.65	6.00	50.00

ANJOU—This is one of the best general purpose pears, combining a high quality with hardiness and dependability. Fruit is large, yellow, with a chunky neck.

*BARTLET—Large yellow, waxy skin, rich, juicy, highly perfumed, refreshing.

*CLAPP'S FAVORITE—High quality, an early riper; large size; tree productive.

EARLY HARVEST—Golden yellow with a fine red cheek and sells well in the market because of its size.

*DUCHESS—Buttery, rich, juicy, excellent; greenish yellow, splashed with russet; succeeds well as a standard, but grown as a dwarf it does better.

FLEMISH BEAUTY—Large size, greenish yellow, brown, rich and juicy. Old and highly esteemed variety. Strong grower, good bearer, hardy.

*KOONCE—A very successful early market pear, strong upright grower. Hardy. Has produced crops when all other varieties have been killed by frost. Fruit is medium yellow with carmine cheek.

*KIEFFER—On account of excellent keeping qualities it is one of the best and most profitable market varieties. Fine for canning and preserving.

*SECKEL—Small, rich, yellowish brown with bright red cheek, juicy, buttery and melting.

SHELDON—Fruit rather large, roundish yellowish nearly covered with light russet, slightly shaded with red.

WORDEN SECKEL—A seedling of the Seckel over which it is an improvement. Larger in size, equally as good.

*WILDER—Red and yellow pear. Delicious, rich, melting. A rare delicacy.

DWARF PEARS

The Dwarf Pear Tree is produced by joining a pear scion to a quince root. The Standard Varieties above starred (*) can be supplied in the Dwarf.

First class, 3 to 4 feet, each, $1; 10, $9.50

CHOICE SELECT PLUMS

	Each	10	100
First Class, 5 to 6 feet	$1.00	$9.00	$85.00
First Class, 4 to 5 feet	.90	8.50	75.00
First Class, 3 to 4 feet	.75	7.00	65.00

Plums have a distinctive flavor from any other fruit and are especially fine for eating fresh, for jellies, preserves and unexcelled for canning for desserts. Plum trees require no more care than the pear or peach and thrive well under ordinary conditions, however, they do best in a cool, not too dry a place and in good rich soil.

EUROPEAN VARIETIES

ARCTIC (Moore's Arctic)—Medium, purplish black, juicy, sweet, an immense bearer. One of the hardiest in bud and bloom. A good grower and a young bearer. Good market variety. September.

BRADSHAW—Large, dark red, flesh green, juicy, productive and fine for market. Aug.

IMPERIAL GAGE—Large, pale green, juicy, sweet, rich and excellent. August.

LOMBARD—Medium, violet red, juicy, good, hardy and productive. The leading market variety. August.

MONARCH—Tree robust, dense foliage and abundant bearer. Fruit very large, roundish oval, dark purplish bloom. Perfect freestone. Follows Grand Duke in ripening. October.

SHIPPER'S PRIDE—Large dark purple, very showy. Often measuring two inches in diameter. Fine, juicy and sweet. September.

SHROPSHIRE DAMSON—Medium, dark purple. Very productive. Best for preserving. October.

JAPANESE VARIETIES

ABUNDANCE—One of the oldest and best Japanese varieties. Hardy, productive. Fruit large, lemon yellow with heavy bloom, good quality. August.

BURBANK—Most profitable among the growers for market. Ripens from 10 to 14 days after Abundance. Tree hardy, spreading, vigorous grower. Unequaled in productiveness. Bears young. Fruit large, excellent quality, cherry red with lilac bloom. Aug.

RED JUNE—One of the vigorous, upright growers, productive, good size, vermilion red. Pleasant quality. Ripens a week before Abundance. August.

[illegible]

... or heavy clay. In growth it is strong and stocky with a healthy dark green foliage. Plants set in early spring will give a small crop of fruit the fall following. About the middle of August it commences to set fruit on the young canes and bears continuously until frost, during a favorable growing season. The berries are large, beautiful and attractive, bright crimson, rich, sugary, with the wild raspberry flavor so much desired.

BLACKCAP VARIETIES

CUMBERLAND—Mammoth midseason blackcap that loads its stool, stocky canes.

GREGG—Its large, showy berries are produced in great abundance; are very firm; an old standby. For years the leading blackcap. Late market variety.

KANSAS—Strong grower; fruit jet black; splendid yielder.

PLUM FARMER—Fine grower; fruit jet black, as large or larger than other blackcaps.

Virginiana Glauca—A very vigorous variety with silver-blue foliage. 2 to 2½ ft., $3.50 each.

A Greater Part of Your Life Is Spent at Home. Why Not Make It Beautiful?

For all around the year satisfaction, Evergreens fill the bill. Their many varied types sound a pleasant note of contrast when planted among deciduous neighbors. - Their amazing colors and changing shapes throughout the year are never ending sources of joy and pleasure. From the very day they are planted they are most decorative and useful. Time only intensifies their beauty and piles up their usefulness with compound interest.

Planted as screens or hedges they fill their office admirably three hundred and sixty-five days in the year.

For shutting out objectionable features very pretty group effects can be produced that focus the attention and create a definite interest; a bit of landscape is produced and the objectionable features are completely lost sight of.

"Stay, stay at home, my heart, and rest:
Home-keeping hearts are happiest,
For those that wander they know not where
Are full of trouble and full of care;
To stay at home is best.
Weary and homesick and distressed,
They wander east, they wander west,
And are baffled and beaten and blown about
By the winds of the wilderness of doubt;
To stay at home is best."—Longfellow.

In foundation plantings they add beauty and distinct charm throughout the entire year. During the summer season their many delightful tints of green, blues and yellows create wonderful daily changing effects which dim if not altogether obscure all other plantings. In winter there is a grandeur about an Evergreen planting that is supreme. On bleak, dark days they lend their touch of color and brighten the entire home.

American Arborvitae

Blue Spruce

PINES

Mugho (Dwarf)—A very attractive evergreen with dark green foliage tipped with silver. 12 to 15 in. spread. $2.50 each.
